

1. GENERAL UPDATES

Twelve days following the earthquake (August 14) and 10 days after storm Grace (August 16) that severely affected three communes located in the southern peninsula of Haiti (Nippes, Grand'Anse, Sud), the scope of damage is becoming clearer. However, there are still looming issues of shelter access and substantial damage to community infrastructure in these rural areas.

There is still much work that remains in regards to the debris removal, but medical emergencies have decreased dramatically, indicating that the traumatic health situation is slowly stabilizing.

2. ACTIVITIES

HEAVY EQUIPMENT:

To date, CORE has moved 41,000 m³ of debris, the equivalent of 2,733 dump trucks with the capacity of 15 m³.

- Maniche
 - Equipment: 1 vehicle on site 1 loader and 2 backhoe loader
 - A total of 6 detached houses were demolished
- Marceline/ Camp-Perrin
 - Equipment: 1 mechanical shovel in Marceline, 1 mechanical shovel and 1 loader in Cam-Perrin
 - Demolition of Mazenod school
 - Clearing and removal of 464 m³ of debris
 - This includes a church and a private house

SITUATION IN NUMBERS

2,207 deaths

12,268 injuries

129,959 houses damaged

320 missing persons

*reported estimates as of 8/23/21, according to GoH

CORE'S RESPONSE

41,000 m³
debris removed

1,753
patients treated

rapid response
within 24 hours

CORE's mission is to save lives and strengthen communities impacted by or vulnerable to crisis.

More information: www.coreresponse.org, and follow CORE on [Facebook](#), [Instagram](#), and [Twitter](#).

- La Sucrierie/ Berdumelle/ Bonne-Fin
 - Equipment: 1 vehicle on site, 1 mechanical shovel and 1 D7 dozer
 - Removal of 450 m³ of rubble
 - This includes a hospital, a shopping center and a detached house
 - Cleared access to the road for 1.5km
- Rendel/ Port-a-Piment
 - Equipment: 1 dozer D7
 - Cleared access to the road for 1.5 km

HEALTH:

Since the start of CORE's earthquake response on August 15, its medical team has treated a total of 1,753 patients, consisting of 854 women, 474 men, and 425 children.

On August 25, CORE's Medical team worked at 3 sites. This includes two sections in the commune of Camp-Perrin and one section in the commune of Saint-Louis-du-Sud:

- **Camp-Perrin**
 - Gaetan: 26 women, 13 men and 12 children were treated
 - Guillaume/Marceline: 100 women, 65 men and 70 children were treated
- **Saint-Louis-du-Sud**
 - Coreil: 80 women, 70 men and 28 children were treated

Epicenter of magnitude 7.2 earthquake

CORE RELIEF EFFORTS

- Sud Department
- Grand'Anse Department
- Nippes Department

- On August 24, space for patient hold for people waiting for surgery was increased
 - This avoids plugging up ER beds
 - This cleared up a lot of treatment space and that allowed for more patients (mostly ortho patients)
 - Starting to see "wellness" issues, which indicates that the immediate urgency is coming to an end
- Ortho materials have been ordered and were scheduled to arrive on August 24 (crutches, plaster, etc.)
- Medical supplies have been inventoried in "Le Palmier" warehouse
- CORE has 4 community mobilizers as of August 24 and the lead mobilizer is Rosemond

PARTNERS:

Current partners include:

- DPC
- WCK
- Zanmi La Sante (PIH)
- OM (e-shelters)
- Concern Worldwide (for joint distribution)
- MTPTC

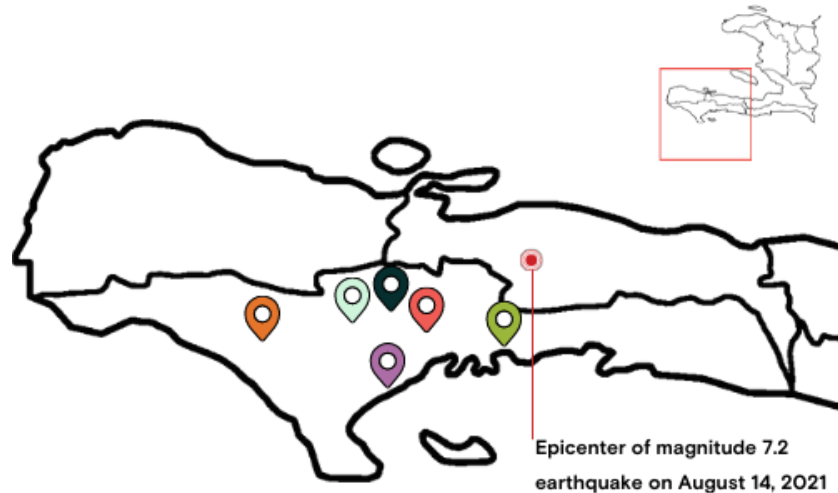

CORE's mission is to save lives and strengthen communities impacted by or vulnerable to crisis.

3. NEXT STEPS

CORE has identified 6 priority communities in the Sud department:

PRIORITY COMMUNITIES IN SUD

- | | |
|----------------------|-------------|
| ● Camp-Perrin | ● Les Cayes |
| ● Maniche | ● Rendel |
| ● Cavaillon | |
| ● Saint-Louis-du-Sud | |

August 26 work plan for the debris team:

- Maniche
 - Equipment: 1 vehicle on site, 1 loader, 2 backhoe loader and 3 CORE trucks
- Camp-Perrin / Marceline
 - Equipment: 1 vehicle for travel, 1 mechanical shovel in Marceline, 1 mechanical shovel at the Mazenod school, 1 loader in Marceline and 3 CORE trucks
- La Sucrierie / Berdumelle
 - Equipment: 1 vehicle, 1 dozer D7 in Berdumelle, 1 mechanical shovel at the sugar refinery, and 3 CORE trucks
- Cavaillon / Bonne-fin
 - Equipment: 1 mechanical shovel at the Bonne-fin hospital
- Rendel
 - Equipment: 1 dozer D7

August 27:

- USAID visit to Camp-Perrin and Marceline

CORE's mission is to save lives and strengthen communities impacted by or vulnerable to crisis.
